AMER. WOODMEN **FOR NEGROES** **IN NEW DRAFT** **"The House With a Principle" Opens** **PAY IN ADVANCE** **IN CALL FOR** **FOR NEW MEN**
SEPT. 25 '27 **OCTOBER 16**

Although the exact figures could not be obtained in time for publication this week, it is estimated that nearly 12,000 Colored men registered for the draft in St. Louis on the 12th. The seventeenth ward led with 3,200. The sixth was second with 2,132. Other heavy wards were the sixteenth 1,644, nineteenth 958, twenty-second 820; making 8783 the five heavily populated districts. Only of the remaining 23 wards total nine 498. The twenty-third is the heaviest ward to be heard from which will run close to 1000.

It is estimated that 3847 St. Louis Colored men will be inducted into the ar

men from the new draft. Less than 800 men were taken from the 32 to 40 class, and the balance, over 5,000, will come from the 18, 19 and 20 year old class, nearly all of whom will be sent to camp, being mostly without dependents. The new draft will be completed at St. Louis has already given 3561 Colored men in the draft and hundreds more have volunteered.

Questionnaires are being sent to the newspapers in the 32 to 37 and the younger classes. These must be filled out and returned in seven days. The older men will be free from immediate draft but they will be subjected to the work or fight or farm or navy or air force jobs.

The new draft of Colored men will be on October 1st.

Read the casualty lists in the papers and ask yourself: "How long shall I permit this to go on?" There is only one answer: "I will do my utmost to help equip and put into the field an American army that will make short work of the Hun and put a stop to the shedding of American blood."

Be a Volunteer

September 28th and 29th Will Be Volunteer Days

On these days everyone will be given an opportunity to step up and buy bonds without being solicited to do so. Places will be designated where volunteer subscriptions will be received. These places will be announced in the papers and by signs. Your card will be on file there. Cards of those who do not volunteer will be used for active solicitation, which will begin Monday, September 30th. No one will be overlooked.

Do not wait for some one to come after your subscription. Show that you, too, can volunteer for your Country's service, just as our boys "over there" did.

Figure out now the very maximum you can subscribe. Be ready when Volunteer Days come. This is no time for half-way measures. Half-way measures won't push our

The hope of the world lies in the sons of America.

They are "Over there" now—a million and a half strong; they are going over daily—a million and a half more of them. Another million and a half are waiting for the call that soon will come.

Those who have been under fire have demonstrated superbly the qualities that make fighters—they have shown that the barbarous Hun is no match for them.

Many an American son has gone down—has made the supreme sacrifice for his Country and liberty. Before the German horde is driven back within its own borders, many more American sons will go down. How many, depends upon us at home.

A small American army, no matter how brave, will inevitably suffer severe casualties. A gigantic American army will overwhelm the Hun and bring quick victory with the least loss of life.

The lives of our sons are in our hands. The boys are ready, willing and eager. They must be trained and equipped. No time must be lost. It is up to us to provide the money necessary to make these boys invincible. We must do it and do it quickly. With our own sons already in the fight, every day's delay lays at our own doors the blood of brave American sons.

boys across the Rhine. It is up to us to buy bonds with every uninvested dollar we own, plus every dollar we can save by careful, frugal living for six months to come.

You don't have to pay all cash for your bonds. You can make your first payment from cash in the bank, and take care of the balance out of your daily, weekly or monthly savings.

The forced saving you do now will mean a nice nest egg later, for the bonds you buy now and pay for as you go along, will prove a splendid investment that will pay you a good interest every six months. After the war, the bonds will be worth more than you paid for them. Don't hesitate to do your duty and do it quickly. "Don't let the SON go down."
